

nLIGHT's nanosecond pulsed Fiber Laser, the PFL250™, provides a cost-effective solution for complex micro-materials processing applications. Designed to meet the highest quality and reliability standards for maintenance-free 24/7 industrial operation; the air-cooled system outputs a near diffraction limited beam at 1064nm. The small footprint of the laser head coupled with an intuitive user interface allows for the ease of integration into any laser machine tool.

The PFL250TM platform integrates nLIGHT's industry-leading technologies to deliver a high-performance pulsed fiber laser solution:

- Powered by nLIGHT Pearl™ single-emitter diode laser modules, which set the standard of excellence in high-brightness, high-reliability diode lasers
- Incorporates nLIGHT LIEKKI™ active fiber with proprietary Direct Nano-particle Deposition (DND) technology that provides high efficiency and minimizes photodarkening

Features

- High peak power, 80 kW
- Short pulse width: <1.5 ns
- Plug and play integration
- Air-cooled
- Compact footprint

Applications

- PV scribing
- PV edge deletion
- Marking and engraving
- **Trimming**
- Micro-machining
- Precision drilling

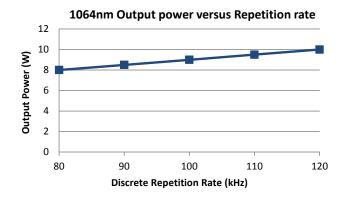

Proven Performance

PFL250™ | Pulsed Fiber Laser

Typical Device Performance

Optical		NL-FL250-1064-1500			
		Min	Тур	Max	
Mode of operation		Pulsed			
Wavelength	nm	1064			
Average power	W	10			
Operating power range	W		1 - 10		
Pulse width	ns	1.0		1.5	
Pulse repetition rate	kHz	8	80, 90, 100, 110, 120		
Beam quality	M^2	< 1.3			
Maximum Pulse energy	μJ	100			
Pulse energy stability	%	< 3			
Average power stability (8 hrs)	%	< 3			
Electrical					
DC Operating voltage	V	24			
DC Operating current	Α	< 13			
Control		Analog / RS232			
Mechanical					
Cooling method		Air			
Thermal					
Operating temperature*	°C	10 - 40			
Storage temperature*	°C	-20 - 70			

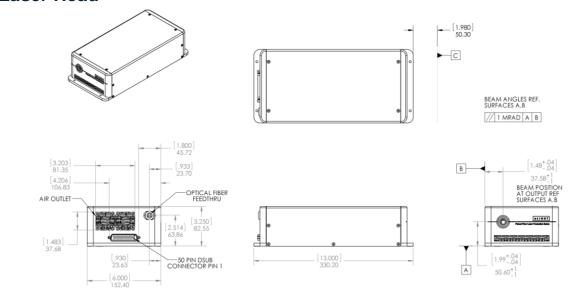

^{*} A non-condensing environment is required for storage and operation.

CFR Regulation

This laser does NOT comply with IEC 60825-1 or 21 CFR 1040 for complete laser products and is solely intended to be integrated into a certified laser product. This device is for US export, or for use as an OEM or replacement component only. Purchaser acknowledges that their products must comply with these regulations before they can be sold to an end-use.

Notice

nLIGHT continually improves its products to provide our customers with outstanding quality and reliability. nLIGHT may make changes to specifications and product descriptions at any time, without notice. In addition, nLIGHT offers a limited warranty to ensure customer satisfaction. For complete details, please contact your nLIGHT sales representative.
