## Outline Drawing (Package Dimension 46 x 24.5 x 10.1 mm)

<sup>1</sup>Production specification shown are for beginning of life performance, end of life operating current (lop) is 120% beginning of life lop

 $<sup>^{6}</sup>$ Reported power is with an uncoated distal fiber end, therefore will be  $\sim 3.5~\%$  higher if spliced

## Notice

Notice
ILIGHT continually improves its products to provide customers with outstanding quality and reliability, therefore may change certain specifications and product descriptions at any time, without notice. Additionly, ILIGHT offers a limited warranty to ensure customer satisfaction. For complete details, please contact an nLIGHT sales representative.

<sup>&</sup>lt;sup>2</sup>A non-condensing environment is required for operation and storage. Storage conditions are from -20 to +70 °C with relative humidity between 5 to 85 %

<sup>&</sup>lt;sup>3</sup>Operating temperature defined by the package housing. Acceptable operating range is 20 - 35C, but performance may vary.

<sup>&</sup>lt;sup>4</sup>Current phase within the nLIGHT's NPI (New Production Introduction) Process

<sup>&</sup>lt;sup>5</sup>Export Control Classification Number (ECCN) as defined by the Export Administration Regulations (EAR)
